25X1

1. The tank repair workshops in Senov (N 49-37, E 18-00) are located east of the Senov railroad station and west of the main road leading from Novy Jicin through Senov to Kunin (Kunvald).
2. The layout of the workshops is shown on the attached sketch. All the buildings shown are workshop buildings except the small guard room next to the entrance. A branch rail line leads to the workshops from the Senov railroad station.
3. Old German tanks were seen on the site in 1953 from a passing train.
4. The repair of radiators for tanks is performed at the Autopal plant in Novy Jicin (N 49-36, E 18-01).
5. The Senov workshops are guarded by a sentry in a guard room and another sentry patrolling along the fence.
